The August Worship Series Continues

Under Construction

"On the Road to God's New Creation"

The jokes number in the hundreds, but they are all variations on one theme. "How many seasons are there in Wisconsin? Two – winter and road repair." In many ways, we all dread seeing those orange signs indicating some form of construction. On the other hand, we can hardly wait for what is the end result. Still, learning how to be under construction, in process, is generally the key to getting through this largely resisted season. Truth is it's the same in our following of Christ, our life as Christians. The Apostle Paul tells us that we are God's "new creation" (1 Cor. 5:7). We are also told to "work out our salvation" (Phil 2:12), indicating that God's work takes time, effort and is sometimes messy or kicks up some serious dust. Admittedly, we long for what this construction yields, but we need to learn how to appreciate the process and utilizing each "sign" and the lessons that are a part of it to grow in Christ. As we begin our long anticipated construction at our church facility, this season of repair and expansion offers us the opportunity to look within (not just at the facility) and see what God is up to as the new creation of us comes into being. The month of August is also marked by very special music each and every Sunday with few special themes and recognitions. Amid all your summer plans, you won't want to miss the "Under Construction" experience every Sunday morning at 9:00 am at CUMC! Please join us!

Sweat Equity

Over the next two weeks, on Monday through Thursday evenings, there will be a gradual removal of all pipes and radiators in fellowship hall, the hallways, bathrooms, and offices. Bill Tiedemann and Lyle Schmidt have already removed the two old boilers saving the church a few thousand dollars. They need people to sign-up, one or two each night to wet vacuum and assist with the pipe removal. Please contact Bill at (262)377-8265 or Lyle at (262)375-0906 to coordinate your participation.
