whimsical and witty humor with which she carries herself ...if you have ever had the chance to talk to this basically shy person. Her persona wonderfully gives a complementary frame to her musical prowess.

Johanna will give a short concert next Sunday afternoon, February 26 at 4:00 p.m. here at Community United Methodist Church. The program will consist of 3 Chopin études (Ocean, Revolutionary, and Butterfly), a Chopin nocturne, Mozart's Variations on Twinkle Twinkle Little Star, Clair de Lune, and a rousing Russian toccata. You will be enthralled and delighted.

A short reception will follow the concert in fellowship hall should you like to visit a bit with Johanna. Nursery care will be provided for preschoolers and younger, in case you take advantage of it. Don't miss this wonderful occasion featuring the delights of piano music.

Since the start of September, we have been immensely blessed by the talents of Johanna Schilling. One only has to watch her posture, fluidity of motion at the keys, sensibility of musical mood, mastery of dynamics to realize how extraordinary talented this pianist is and how fortunate we are to have her here. Yet, equally compelling is the humility, grace,

If you have a creative and innovative program, project or activity which is new to your group, this may be for you! Please go to [www.wumf.org/assets/GrantGuidelines.pdf](http://www.wumf.org/assets/GrantGuidelines.pdf) to see what MAY be and will NOT be funded. Remember, these grants are to be considered seed money rather than continuing support. Grants typically phase out after three years. Go to [www.wumf.org/assets/GrantAppForm.pdf](http://www.wumf.org/assets/GrantAppForm.pdf) for an application or visit [www.wumf.org/past-awards/](http://www.wumf.org/past-awards/) to see what types of programs have received awards in the past. For additional information on our Grants Program or other Foundation services, please visit our website at [wumf.org](http://wumf.org). Grant deadline is March 1st!

**AED Training** — Thursday, March 23 at 7:00 p.m. The automated external defibrillator (AED) is a computerized medical device that checks a person's heart rhythm. It recognizes a rhythm that requires a shock and advises the rescuer when a shock is needed. The AED uses voice prompts, lights and text messages to tell the rescuer the steps to take. With training, anyone can learn to operate an AED safely. Please consider taking this important class. Sign up in Fellowship Hall.

**Cedarburg Reads** — Local residents are invited to join Cedarburg Reads *Population: 485*, and attend group book discussions to "meet your neighbors one conversation at a time." CUMC will host a book discussion on March 27 at 6:30 p.m. that will be moderated by Cedarburg Friends of the Library members and volunteers. ## Women's Reading Group

The next book being read is "Present Over Perfect, Leaving Behind Frantic for a Simpler, More Soulful Way of Living", by Shauna Niequist. Particularly in a suburban area like the one we live in, there is pressure for perfection; the perfect house, the perfect family, the perfect job, looking and being perfect. But striving for perfection is not the same as striving for a meaningful life. You are invited to read this book about living a life of meaning and

connection, and then get together with Lee Ann Blackmer at the parsonage (N78W7286 Oak St) this Wednesday, February 22 at 7:00 p.m. for discussion and reflection. In addition, there will be a brief overview of "Half the Sky", the last book read. You need not have read that book to join us; it will be worth hearing the highlights! Please contact Lee Ann at [dblackmers@aol.com](mailto:dblackmers@aol.com) with questions.
